

Many people . . .

. . . are short on this!

BUT . . .

. . . do have a little of this to invest in a worthwhile cause!!!

ABOUT TWIN PINES

TWIN PINES Camp, Conference and Retreat Center serves the Delaware and Susquehanna Regions of the Evangelical Congregational Church along with numerous other denominations and independent churches. The 205-acre facility is located eight miles southwest of Stroudsburg, Pennsylvania in the beautiful Pocono Mountains.

Twin Pines is the continuation of a camping program which began in Allentown, Pennsylvania in the early 20's. In 1964, due to a need to expand the program and to get away from a growing metropolitan area, the Twin Pines property was purchased.

Twin Pines operates all year long with more than 20 different programs offered during an extended summer schedule with the remainder of the year used for both weekend and mid-week retreats. Our busy schedule ministers to more than 4,000 people per year comprising more than 10,000 camper-days.

Twin Pines is also the home for the Arvel H. Sweigert Memorial Nature Resource Center. Our nature program includes displays of both live and mounted specimens with 21 African animals and over 40 North American animals. This "awareness" center is used to augment both summer and retreat programs and offers a full environmental education program where God's creative genius is seen in every part of His world.

We believe that the Lord Jesus Christ both taught and practiced the need to "get away" for spiritual reflection and inspiration. Twin Pines is dedicated to providing a place where people of all ages can get away to a quiet place and find renewed strength.

Jesus said this to His disciples, "Let's get away from the crowds for awhile and get some rest." (Mark 6:31 - NLT)

The ministry of Twin Pines involves people; people serving and ministering to people.

During the busy summer season (eight weeks in length), it takes 5-6 full-time staff, 10 part-time staff, 36 summer staff, 9-12 nurses, and 65 program staff to provide 20+ different programs. In order to feed all of those people, it is necessary to prepare more than 32,000 meals. Providing for the physical comfort of both staff and guests involves the care and maintenance of 21 buildings, mowing and trimming 35 acres of lawn, maintaining an additional 170 acres of fields and woodland, and maintaining completely self-contained water and sewage systems for the entire facility.

In order to keep our costs as low as possible for our guests, we keep our staff to a bare minimum with the result that our "to do" lists are always longer than the days in which to get them done. The necessary things get done; some of the "should do" things have to wait till some time later.

There are some things we will never get to unless we have extra hands to help. You may be the key to getting some things done that are pretty far down on our TODO list. Remember, many hands make light work! You will be blessed as you serve our very special guests!!!

Possible Areas Where You Might Be Able to Work At Camp...
