

WT-A: January 13 - 15

REV. GREG HENCH

Hey, What's Up? I can't wait to meet you at camp this winter. Currently, I'm the Youth Pastor at Carlisle First Church of God, an International Speaker, and a Writer. I used to be a Christian Rapper - I'll tell you more about that when we get together.

My wife Beth and I got married in 1988. We have two kids and two granddaughters.

I grew up in Carlisle, PA, and am passionate about speaking to both young and old, but especially teens. When we get together, it's going to be a blast.

In all seriousness... Changing lives. THAT is my true passion and desire for you for our weekend together. I love that God has blessed me with the ability to still communicate well with young people and has made me uniquely who I am. I hope to challenge you and help you understand God's gifts He has given you that are unique, amazing, and special.

See you all in January.

Is there a real God who loves me? Did Jesus really come back to life? Why should I trust a God when life is so messy? These doubts and more are what people have about the Christian faith. The disciple Thomas asked many questions of doubt. How can his questions of doubt and interactions with Jesus guide students today? Winter Thaw's theme of **Trust in the Midst of Doubt** will tackle this topic. Join other students to learn how to manage questions and doubts that you may have.
